DESULTORY FIRING.

Rebels Still Making Resistance
at Manila.

A Tennessee Chaplain Dies of
Smallpox Leaving a
Young Bride.

Manila, March 1.—The rebels
are very active at Calocano and
Malabon. They evidently intend
to mount a battery in front of the
Malabon church, destroyed by the
fire of the United States monitor
Monadnock on Feb. 27. They can
be seen throwing up earthworks for
guns and epaulets.

There was the usual desultory
firing last evening and to-day, but
the only casualty reported is in
the case of Private Harold Parks,
Company K, California Volunteers.
The Nebraska volunteers for the
reservoir had a slight brush with a
small body of the enemy this morn-
ing. The rebels scattered into the
jungle after the first volley.

The United States transport Ta-
coma has arrived here without the
loss of a horse or mule.

The Negros commander has en-
tertained several American officers,
and British subjects at their hotel
in return for the compliment paid
them by Gen. Otis. They sailed for
Negros to-day.

The United States transport St.
Paul has embarked Col. Smith,
Maj. Simmes, a battalion of the
California Volunteers and the offi-
cers recently appointed to posts in
Iloilo.

Chaplain Leland, of the Tennessee
Regiment, whose death at Iloilo from smallpox is mentioned
in the above dispatch, was from
Camden, Tenn., and joined the regi-
ment in Nashville, receiving his
appointment from Gov. Taylor.
Chaplain Leland was a young Baptist
preacher, and had won consider-
able reputation in his section of
the State as a fearless pulpit speak-
er. As a minister of the gospel, he
presented rather a rugged and un-
usual figure, and was entirely
inconventional in his habits and
speech, and there were not a few
who looked askance upon his man-
ner of wearing the cloth. Soon after
the regiment reached San Fran-
cisco rumors began to float back
of a romance in which Chaplain Lel-
land was engaged, and before many
weeks had passed there came the
announcement of his engagement to
a fair California girl. Shortly be-
fore the regiment sailed for Manila
the marriage was solemnized, and
the young bride accompanied her
husband on the voyage. Whether
she was with Chaplain Leland at
Iloilo remained at Manila is not
known.

POPULAR COUPLE.

Miss Willie Hughes and Mr. Dyer
to Wed at Morganfield.

Morganfield, Ky., Feb. 27.—The
marriage of Mr. J. T. Dyer and
Miss Willie Hughes, two of the most
popular young people in local soci-
ety here, will occur tomorrow after-
noon at 5 o'clock, at the home of the
bride's family in this city. Only a
few near friends and relatives will
attend. Immediately after the cere-
mony Mr. and Mrs. Dyer will leave
for a tour of Eastern cities. Miss
Hughes is a sister of Mrs. William
S. Feland, of Henderson.

Visiting His Brother.

Mr. Parker McGehee, an em-
ployee of the L. & N., who got one
of his legs broken at Guthrie about
two months ago, is out again and is
now on a visit to his brother, Mr.
H. C. McGehee, at Gracey. He will
go to work for the railroad compa-
ny again about April 1st.

A BIG HAUL.

Covington Postoffice Burglar-
ized and \$8,000 Taken.

Loss Will Fall On A. O. Reynolds,
the Postmaster—Investiga-
tion In Progress.

Covington, Ky., March 1. The
Covington postoffice was entered by
burglars some time during last
night and about \$8,000 worth of
stamps and postal cards taken.
That it was a deliberate, deeply
laid plan and the work of profes-
sionals is proved by the neatness
and dispatch with which the job
was done.

When John Salters, one of the
stamp clerks, arrived this morning
he noticed the door leading to the
carriers' department open, which
aroused his suspicions, and a little
further investigation showed him
the cabinet containing the stamps
and postal cards with the doors
broken open and all the contents on
one side removed. Holes had been
bored on each side of the locks and
the drawers then forced.

The strange part of it is they left
about \$7,000 worth of stamps be-
hind.

The supposition is that the bur-
glar or burglars gained admission
into the place before 8 o'clock last
night and hid under some newspaper
sacks. A piece of cardboard
was placed against the wire netting
to shut off inspection from the out-
side.

The postmaster, O. A. Reynolds,
succeeded Napoleon Carlisle, brother
of Hon. John G. Carlisle. Inspector
Hartson, of the Cincinnati
division, has the case in charge,
and, as is usual, refuses positively
to talk on the matter, and will not
give the actual amount stolen.

A SMALL FIRE.

Kitchen in the Rear of the Phelps
Residence Destroyed.

At 11 o'clock Tuesday night fire
was discovered in the roof of the
frame kitchen in the rear of the
large brick residence of the Misses
Phelps, on South Main, by a
passer-by. He rang the doorbell
vigorously and aroused the family
and turned in the fire alarm. In a
short while the Fire Department
responded, the flames in the mean-
while being kept somewhat in check
by a small hose from the hydrant in
the yard. The building was prac-
tically destroyed before the water
from the fire plug could be turned
on. It took only a few minutes to
control the fire after work was
begun and confine the damage to the
small kitchen. The loss was about
\$200 and was held by Breathitt &
Edmunds. It was promptly ad-
justed and settled the next day.

The fire started from a defective
furnace over the kitchen range.

The servants' room a few feet
distance was not damaged.

IN SAME ROOM

And By Same Man Married, Di-
vorced and remarried.

Mr. Cullen Brannon and Miss
Lizzie Thaxton, both of Daysville,
Todd county, were wedded at the
County Clerk's office in Elkhorn Monday
with a flavor of romance. In
December, 1897, this couple was
married at the same place, in Decem-
ber, 1898, divorced, and Monday
remarried to each other. The court
Judge officiated at each event.

COOK-LONG.

Approaching Nuptials Of a Popu-
lar Young Couple.

Dr. Jas. O. Cook, the popular
young druggist, and Miss Hattie
Long, only daughter of E. B. Long,
President of the City Bank, and one
of Hopkinsville's loveliest young
ladies, will be married on March 21.
The cards have not yet been issued.

the three miles from here at 1 o'clock Pembroke neighborhood, weremar-
ried this morning of pneumonia. He died Wednesday afternoon. The
had been a member of the Sharon happy event took place at the home
C. P. church for a number of years of the bride's parents, Rev. An-
d was a very prominent and in their Roberts, of this city, performing
citizen. He will be greatly missed at the ceremony. The marriage
was about 35 years of age and couple were present. Mr. Johnson
leaves a wife and six children, and his bride arrived in this city
most of them grown, besides a large circle of relatives and friends to
mourn his loss.

FARMER'S HOME

Destroyed by Fire While the
Family Was Absent.

The dwelling of Mr. John T. Johnson, of the Antioch country, was destroyed by fire a few days ago, together with a portion of the contents. The family was away from home and it is believed that an incendiary applied the torch, as there had been no fire in the house for several hours before the building was discovered in flames. Neigh-
bors succeeded in saving some of the furniture. Mr. Johnson had \$800 insurance. His loss is estimated at considerably more.

THE DATE CHANGED.

Railroad Commissioner's Convention Will Be Held March 10.

On Account State Central and Executive Committees Have Been Called at Lexington March 8.

(PADUCAH NEWS.)

The First district railroad commissioner's committee met Tuesday, in the parlors of the Palmer house, in pursuance to call issued by Chairman J. D. Mcquot, of this city.

Mr. C. M. Meacham, of Hopkinsville, member from the second district, was present in person. He had the proxies of G. W. Roark, of the Third, and Geo. G. Fulton, of the Fourth district.

The state central and state executive committees have been called to meet at Lexington March 8, the same day on which the convention had been called at Hopkinsville. It would be impossible for Western Kentucky members to be at both places. For this reason Mr. Meacham offered a resolution that was adopted changing the date of the Hopkinsville convention from March 8 to 10.

Following is the official call from the committee:

Official Call.

Pursuant to the call at the chairman, the democratic district committee of the first railroad district of Kentucky, met at Paducah, Ky., at noon February 28, 1899.

There were present J. D. Mcquot, chairman, of the first district; Chas. M. Meacham, secretary, of the Second district; G. W. Roark, of the Third district, by proxy, and Geo. G. Fulton, of the Fourth district, by proxy. Absent S. B. Disbman, of the Eleventh district. The chairman stated that when the call was issued there was but one candidate for railroad commissioner and it was thought that the committee might want to take some action in regard to calling in the district convention, but as another candidate had entered the contest such action was not rendered advisable. Therefore the matter of calling in the convention heretofore ordered was not taken up.

Change of Date.

The following resolution was unanimously adopted:

Whereas, An unfortunate conflict has occurred in the time of meeting of the democratic state executive committee at Lexington and the First district railroad convention at Hopkinsville on March 8, by which members of this committee whose presence was essential at both gatherings will find it impossible to perform their double duties on the same day; therefore

Resolved, That the delegates to be selected by the various counties of this district on March 4, under the call of this committee, are hereby ordered and called to assemble at Hopkinsville at 2 o'clock p.m. Friday, March 10, instead of Wednesday, March 8, 1899.

Whereupon the committee adjourned.

J. D. Mcquot, Chairman.

CHAS. M. MEACHAM,
Secretary, First Railroad District Democratic Committee.

A Southern Association.

TO THE SOUTHERN FANCERS AND BREEDERS:

There is a grand move on the part of some prominent breeders of the South for the organization of a Southern Poultry Association. Some Texas and Mississippi breeders, along with myself and several others of Louisiana have had this most important of Southern chicken combination talk for some months, and now that the ball has started to roll down the hill, do not let it stop until it strikes the bottom and "pans out pay dirt." We must, will, and shall have a Southern Association, and there are to-day, such breeders as N. L. Hutchinson, Crystal Springs, Miss.; W. A. & B. E. Pouncey, Waco, Texas; R. L. L. Simmons, Shelby, N. C.; Savage Bros., Belton, Texas; C. A. McAnulty, Circleville, Texas; W. J. Warner, Fort Worth, Texas; J. G. McReynolds, Dallas, Texas; Gribble & Miller, Waco, Texas;

The Amen of marriage is always a baby. Without it, wedlock is a barren field that never blooms, a garden that never bears, a night without stars, a summer without a benediction, a year without an Amen. There never was a human being

worthy of the name, who did not aspire to be the father and the grandfather of healthy, capable children to have done him credit in the portion of the world he occupied by the sweat of his brow, from generation to generation. There never was a wife fit to be the mother of a little one who did not wear womanhood's most glorious crown, the sceptre of motherhood. Thousands of women, who are the pillars of society, the strength of the nation, the pride of the world, are the daughters of wedlock. The short of wedlock's greatest happiness because they are childless. In the majority of cases, this is because of ignorance or negligence. She suffers from weakness and disease of the organs distinctly feminine. For women who suffer in this manner, there is no remedy. The doctor need not fail to accomplish his purpose. It is Dr. Pierce's Favorite Prescription. It acts as a tonic, a stimulant, a diuretic, and makes them strong, healthy, vigorous, virile and elastic. It allays inflammation, relieves pain, strengthens the body, calms the shattered nerves. It fits for wifehood and motherhood. It quickens and vitalizes the blood, removes the languor, takes the maladies of the expectant months and makes baby's introduction to the world a little easier, a healthful and nourishing in plenty. It is the best supportive tonic for expectant mothers.

Mrs. Jenny Parke of Marshall, Spokane Co., Wash., writes: "I am glad to tell of the good results your great prescription has given me. I was benefited by your medicine in confinement. It gives me strength and energy. I am now in full health. The picture of health. I feel better than I have in ten years."

In cases of constipation, Dr. Pierce's Pellets should be used as an adjunct to the "Favorite Prescription." They are a safe, reliable and insure prompt and permanent relief.

Samuels, New Orleans; A. Alonzo, New Orleans; Thos. T. E. Elbert, New Orleans; George M. Clarke, Kensington, Ga.; Dunstan, Winona, Miss.; W. J. Pfingst, Nashville, Tenn.; H. J. McAfferty, Birmingham, Ala., and many others who would only be anxious for the notice of a meeting for the organization of this association, while there are plenty more that I do not mention, who will be with us. The State of Texas will furnish at least 50 good experienced members, if I am not mistaken, and I don't think I am. I know Louisiana will furnish ten members, Mississippi at least ten. Why that's a start with more to do want?"

Now what's the matter fellow Southern breeders, fanciers and everyone interested, with having a meeting here in New Orleans, during the Louisiana Industrial Exposition, May 7 to 31, 1899, for the organization of this association, and let us have a show in some Southern city during the year 1899. Let it be at Waco, Texas, to start with, and New Orleans or some other Southern city the following year. Beside the parties above named, there will be many more who will drop into town by May, and work for the success of the association, and we can have one more rousing Southern meeting and combined effort of every Southern breeder to put a shoulder to the wheel and keep it rolling along, never to stop. Let every writer in the South write his, or her opinion on this subject, so that the readers of the poultry press can realize that the South, as well as the North and the East, can have a united association for the betterment of the poultry interest of the entire South, and I trust that every breeder and fancier will let us hear from him.

I nominate Will A. Pouncey, Waco, Texas, and N. L. Hutchinson, Crystal Springs, Miss., as temporary chairman, to whom questions can be propounded and answered. Each questioner will kindly enclose a two cent stamp for the return of the information he wishes. I think any one of the above will willingly answer all questions asked.

Here's success to the Southern Poultry, Pigeon and Pet Stock Association.

Yours very fraternally,

GEORGE A. EYREICH,
Secretary La. Assoc.,

THE AMEN OF MARRIAGE.

THE AMEN OF MARRIAGE

The Thing for Spring is AYER'S Sarsaparilla

The popular use of a spring medicine is founded on experience. With the coming of the spring season comes languor, debility, a "dragged-out" condition and a general lassitude summed up in the familiar phrase—"that tired feeling."

To Purify the Blood

from the gross effects of the fatty foods of winter, there is no medicine equal to Dr. Ayer's Sarsaparilla. It not only cleanses the blood, but revitalizes it. It puts a spring into the step and a sparkle into the eye that betoken health. It restores the lost appetite, induces refreshing sleep, and reduces the liability to disease by neutralizing the conditions essential to the development of disease germs.

Always Ask for Ayer's.

* As a spring medicine during the months of March, April, and May, I know of no other preparation that can begin to compare with Ayer's Sarsaparilla. It is the leader of leaders."

W. A. WEISER, M. D., Bourbon, Ind.

"I cannot speak too highly in praise of Ayer's Sarsaparilla. From experience, I can recommend it as the best spring medicine."

"I have used Ayer's Sarsaparilla in my family for years and highly recommend it. As a spring medicine, it has no equal." A. B. NICHOLS, Ellery St., Cambridge, Mass.

"Ayer's Sarsaparilla has been a household companion in our family for years. I take it every spring, beginning in April. It tones up my system, gives me a strong appetite, and makes me sleep like a top. As a blood purifier, it is superior to any medicine."

H. K. WILDEY, Philadelphia, Pa.

"Ayer's Sarsaparilla is without an equal as a blood purifier and spring medicine, and cannot have praise enough. I have watched its effects in chronic cases, where other treatment was of no avail, and have been astonished at the results. No other blood medicine that I have ever used, and I have tried them all, is so thorough in its action, and effects so many permanent cures as Ayer's Sarsaparilla."

DR. H. F. MERRILL, Augusta, Maine.

THE AMENDED CALL.

For the Convention to Nominate a Railroad Convention.

The official call for a convention to be held at Hopkinsville to nominate a Democratic candidate for railroad commissioner, issued by the Democratic committee of the First railroad district, is as follows:

Resolved, That a district convention shall be held in the First railroad district of Kentucky on Friday, March 10, 1899, for the purpose of nominating a Democratic candidate for railroad commissioner in said district. Said convention shall meet in the city of Hopkinsville at 2 o'clock p.m. Delegates to said convention shall be chosen at county mass conventions, to be held at the various county seats in the district at 2 o'clock p.m., on Saturday March 4, 1899.

That the basis of representation from each county to the district convention shall be one delegate for every 200 votes and each fraction over 100 votes cast for the head of the Democratic electoral ticket at the presidential election in 1896.

That all known democrats and laborers, who will pledge themselves to support the nominee of said district convention shall be entitled to participate in the county conventions to select delegates.

Possibilities of the Telephone.

The telephone is one of the instrumentalities of civilization of which the utopian dreamers have made much. Beliampi, in his "Looking Backward," gives to the telephone in the ideal commonwealth of his imagination an importance which appeared as fanciful as many of the other projects therein set forth. Gradually, however, some of these

fancies are being realized in an experimental way to an extent which gives promise of much for the future. It was not long ago that persons living in widely scattered cities were enabled by means of the telephone to hear the speeches at a banquet in Chicago. Another experiment of the same kind was tried Monday evening, when patrons of the Chicago telephone exchange were permitted to hear in their homes the music of the Columbia theater. These successful experiments indicate in a very striking way the possibilities of the telephone. It may be that in future when some eloquent statesman is making a presidential canvas of the country he will not be limited in the size of his audience to those who can crowd within the walls of a single hall, but thousands upon thousands in all parts of the land will be able through the use of telephones to hear him in his greatest oratorical efforts.

Undoubtedly the telephone is destined to play an ever-increasing part in the life of the people. Its possibilities merely serve to emphasize the importance of control of the telephone in the interest of the people and the desirability of making rates as low as possible, to the end that more may enjoy the benefits of this product and agency of modern civilization.—Chicago Record.

Undercolor in Barred Plymouth Rocks.

It is to be regretted that many very prominent breeders of Barred Plymouth Rocks are paying so much attention to a matter that does not tend to improve the breed viz., undercolor. The points that please the eye most, in my opinion, are surface color, size and shape. In order to get very strong undercolor, many breeders neglect other points.

Judges are giving too much value to small and somewhat unshapely birds. What I think we should all do is to first encourage our favor size and shape. The fact is that many cockerels weighing only from 5 to 6½ pounds, and pullets as low as four pounds, win the leading prizes.

I also favor in males much lighter colored specimens. I prefer as light a colored male as possible, provided he does not fail in good barring. I am told that many of the western judges favor the light colored males. This is as it should be.

The finest birds I have ever raised came last season, and three-quarters of them are from a single mating. One of my yards in particular last season produced from eight females and one male the finest lot of cockerels I have ever seen; and from the same yard I can show at least ten pullets that would be hard to beat in any show room.

There is too much loss in practicing the double mating system.

If a breeder wants to illustrate his birds, the only fair way is to use the camera.

Tony of the culls of birds are just as misleading as private scoring. I do not approve of either of these latter plans.—By J. B. KIMENOUR, in American Poultry Journal.

A Sugar-Eating Contest.

Much amusement was created by a sugar-eating contest held at the Cincinnati Cash Store last Saturday evening. Quite a large crowd assembled to see the fun, and all expressed themselves as amply repaid. There were four contestants, all colored, as follows: Tony Robinson, Jake Saunders, Wes Brodus and Buck Whaley. The boys were lined up to a counter with their hands tied behind them, and in front of each was placed a heaping saucer of granulated sugar. At the given word each fellow sowed his face and mouth into his saucer and with all haste devoured his sweetness. Robinson accomplished thefeat first and was awarded first prize, fifty cents; Sanders was a close second and received twenty-five cents; Brodus got third money, ten cents. Buck got off in the lead, but went lame and was badly distanced.

LONDON ROYAL ACADEMY.

Many Famous Men Have Been Enrolled Among Its Professors.

Prof. Jebb, who succeeds to the professorship of ancient history, vacated by the death of Mr. Gladstone, becomes entitled to a distinction which has been awarded to an extraordinary number of great men. The first professor of ancient history at the Royal Academy was Oliver Goldsmith, who said it was like giving a man lace ruffles when he had not got a shirt. The next was Gibbon, noted, as Boswell remarks, for introducing a kind of sneering infidelity into his writings. Boswell was himself secretary for foreign correspondence in the same body, while Samuel Johnson was professor of ancient literature. The two famous Hunters were in turn professors of anatomy, while Hallam, Macaulay, Bennet, Langton, Bishop Percy, and the present bishop of London have all at various times held honorary professorships. The emoluments of these offices are nil, and the duties to eat a dinner annually to Westminster Gazette.

Mr. Nuttall feels that he has been carrying a white man's burden, and that the culture breeds of ingratitude had pierced his vitals.

Spring Morn.

Are most likely to find your blood impure and laxing in the red corpuscles which enable it to carry nourishment to the nerves and other organs. Therefore you feel weak, tired and listless and are troubled with spring hiccups. Relief is given by Hall's Spruce Gum, which purifies, enriches and vitalizes the blood.

Hood's Pills cure hiccups. Mailed for 25 cents by C. I. Hood & Co., Lowell, Mass.

The beautiful young flower store of Chicago who has abandoned his sweetheart to marry a lady of 64 years and \$100,000, may now admire himself before a big mirror.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimony has been received, giving an account of good cures of gravating effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robes that disease of all dangerous consequences. It is especially prized by mothers for their children, and is used to effect a speedy cure, and because they have found that there is not the least danger in giving it even to babies, as it contains nothing injurious. Sold by R. C. Hardwick.

Winslow Homer's superb painting, the "Maine Coast," is to come to St. Louis, having been purchased by F. A. Bell. No Spanish fleets appear anywhere in this great picture.

Geo. B. Secord, the well known author of "To Wanda," N. Y., says: "I have used Chamberlain's Cough Remedy in my family for a long time and have found it superior to any other." For sale by R. C. Hardwick.

Perhaps there are enough holidays but the day the Allen law is repealed should be made memorable in the history of the state in some way.

A TIMELY HINT.

You should be sure that your blood is rich and pure and your whole system put in a perfectly healthy condition by the use of Dr. Hall's Great Discovery. It will be free from malaria, typhoid fever, colds and the gripes. Dr. Garfield's German liver powder has been sold out. You can buy

For your Cold try Dr. Otto's Spruce Gum Balsam. Price 25c and 50c a Bottle.

OFFICE 3212 SOUTH MAIN STREET.

—FRIDAY MAR 3, 1899.—

Another cabinet crisis is on at Madrid and Sagasta has handed in the resignation of the ministry.

The important bills have all been passed and Congress will come to an end at noon to-morrow. There will be no extra session.

The American book company has issued a valuable little pamphlet for school use telling about Cuba, Puerto Rico, Hawaii and the Philippines. It is sold for only ten cents.

A successful operation has been performed on the Pope and his condition is somewhat improved, but he is still so ill that the scheming for the succession is going right along.

Judge A. M. J. Cochran, who is said to be tapped as Judge Barr's successor, is an unknown lawyer of the other end of the State of such obscurity that the Republican leaders here never heard of him. If the President wants to select the ablest Republican lawyer in the State, regardless of the scramble for the place now going on, he should appoint Judge James Breathitt, of this city.

Rudyard Kipling has passed the crisis in his disease and will recover unless he suffers a relapse. It required an iron constitution to bear up against the intensity of the disease, for Mr. Kipling's disease is pneumonia of both lungs. The most advanced scientific methods have been adopted for the treatment, and for several days oxygen was forced into the lungs to tide over the times that Mr. Kipling was unable to breathe sufficient air to sustain life. The oxygen method was abandoned Wednesday, as it was no longer necessary.

The amended call for the Democratic Convention to be held in this city appears in to-day's paper. The delegates will be selected at a mass convention to be held at the court house to-morrow afternoon at 2 o'clock and the district convention will be held Friday of next week. All Democrats who will pledge themselves to support the party nominee, are invited to participate in the selection of delegates. It is earnestly to be hoped that there will be nothing to disturb the harmony that should characterize the meeting to select the delegates to the convention that will re-nominate Mr. Dempsey for railroad commissioner. The candidacy of Harry Tandy, of Paducah, was only intended to add a little more interest to the approaching convention. His name will not be presented to the district convention in this city and Mr. Dempsey will be nominated by acclamation.

It is due Chairman Johnston to say that it was not he that called the meeting of the committee for the convention and therefore he is not responsible if there is any political trick in making the dates conflict. The meeting was called by Secretary Owen Cochran, who has the power to make the call when a member of the committee is to be elected from the State at large. Chairman Johnston yesterday took steps to change the date, but this may not be done. The change has been made by the Railroad Commission Committee. Chairman Johnston has always shown such a marked disposition to be fair that his friends on the committee and the interested party leaders in Western Kentucky could not understand the motive in making the date for an important State Committee meeting conflict with a big Democratic convention. His friends were glad to learn yesterday that he was not responsible. Courier Journal.

We are glad to learn that Major Johnston was not responsible for a matter that was so difficult to understand. His statement leaves the Secretary in rather an embarrassing attitude.

FLEMING AND GOEBEL.

Two State Candidates Will Speak Next Week.

Hon. W. B. Fleming, candidate for attorney General, will speak at the court house next Monday at 1 o'clock p. m., and present his claims to the Democratic voters.

On Tuesday at the same hour Senator Wm. Goebel, one of the candidates for Governor, will make his first speech to a Christian county audience. Although he will come as a stranger, Senator Goebel already has a strong and influential following here and will be given a respectful hearing by the friends of all the candidates. It is expected that he will have something to say about the fight being made up in him of all the Louisville papers.

THE WRONG ROAD.

Predicament of a Drummer Who Had Lost His Way.

A drummer lost his way in a South-west Georgia county, where there was a good deal of religious enthusiasm at that time. So he gave his horse the rein and made the best of it.

Presently he was confronted by a signboard nailed to a pine tree at the forks of a road.

The sign read: "Turn, sinner, turn!"

The drummer followed its advice and turned on the road nearest the sign.

A little farther on he was confronted by another sign: "You are on the way to hell!"

That was rough, but like many another man he kept on. Yet one more signboard faced him: "Sinner, you are lost forever!" "God help us!" cried the drummer. "Between all these signs what's a poor lost devil to do?"

"Get right down on your knees," cried a voice from the bushes, "an' cry for mercy!"

That was too much for him, and putting spurs into his horse, he fled like the wind, nor did he stop until he reached the railroad, where he signaled a freight train and shook the dust of that ghostly neighborhood from his shoes. —Atlanta Constitution.

RECESSIONAL.

God of our fathers, known of old—
Lord of our far-flung battle-line—
Beneath whose awful Hand we hold.Dominion over palm and pine—
Lord of Hosts, be with us yet,
Lest we forget—lest we forget!The tumult and the shouting dies—
The captains and the kings depart:

Still stands thine ancient sacrifice.

An humble and a contrite heart,
Lord of Hosts, be with us yet,
Lest we forget—lest we forget!Far-called our navies melt away—
On dune and headland sinks the fire.Lo! all our pomp of yesterday—
Is one with Nineveh and Tyre!Judge of the Nations! spare us yet,
Lest we forget—lest we forget!

I drink with sight of power we loose.

Wild tongues that have not Thee in awe

Such boasting as the gentiles use
Or lesser breeds with the Law.Lord of Hosts, be with us yet,
Lest we forget, lest we forget.

For heathen heart that puts her trust

In reeking tube and iron shard—

All valiant dust that builds on dust.

And guarding calls not Thee to guard

For frantic boast and foolish word,
Thy Mercy on Thy People, Lord!

Amen. —RUDYARD KIPLING.

Beware of Outments for Cather the Great Mercury.

as mercury will surely destroy the use of smell and completely derange the whole system when entering it through the mucous membranes. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you may possibly derive from them. Bell's Cather the Great Mercury, O, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Bell's Cather Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheyney & Co. Testimonials free.

A BIG ESTATE.

Disposed of By Matthew Layne's Last Will.

The will of the late Matthew Layne, admitted to probate a few days ago, disposes of an estate of about \$30,000.

He leaves his home near Fairview, with all its live stock and appurtenances and \$2,000 to his wife, Malvina Layne.

To the Bethel Baptist Church he leaves \$3,000 to be invested and the interest applied to the pastor's salary.

To the Southern Baptist Home Mission Board at Atlanta, the foreign Mission Board at Richmond, Va., the Kentucky Baptist Orphans' Home at Louisville, and the Southern Baptist Seminary at Louisville he gives \$1,000 to the Baptist Ministers' Aid Society.

Other bequests are as follows: Miss Fannie Layne \$500, Julia Keeling \$500, Mollie E. Layne \$250, Louis Layne \$500, Thos. Wilkins \$250, Oscar Layne \$250, Thurston Layne \$500, W. H. Gray's two youngest children \$250.

He further leaves \$350 to keep the family graveyard in repair.

His farm near Fairview is to be sold and any sum left over after paying all bequests is to be prorated among the Baptist institutions named in his will. Mr. Oscar Layne is appointed executor of the will.

KENTUCKY BANK CASES.

Argument Begun Before the Supreme Court at Washington.

Washington, March 1.—Owing to the adjournment of the Supreme Court on account of the death of Lord Herschel, the Kentucky bank tax cases will go over until tomorrow.

Mr. Julian opened the argument yesterday afternoon for the municipalities of Frankfort and Louisville. He had not finished his argument when the court adjourned. He will continue tomorrow and will then be followed by Messrs. Humphrey, Helm and other attorneys for the banks. Mr. Stone will close for the Bank of Louisville. The hearing will not be concluded by a late hour on Friday.

Andrews Opera Company.

Those of us public who really appreciate the classical in music, in the way of Grand Opera, will welcome the fact. Manager Ennis is using his best efforts to secure the celebrated ANDREWS OPERA COMPANY for two nights in this city. Whether he succeeds or not depends upon the amount of subscription sale he is enabled to assure, the requisite being 200 books containing 4 tickets each at \$3.00 per book, which number will guarantee the company's appearance here in choice of operas to be selected from the following: Flotow's tuneful and charming opera "MARINA," Mascagni's famous prize opera "CAVALIERA RUSTICA," and the beautiful French opera-comique, "GIROFLE-GIROFLA." The reason of the subscription system is that it permits the price of seats being placed within the reach of all who specially enjoy operatic entertainments, viz: \$1.00 each or 75 cents each where the book is secured, a saving by the after of 25 per cent to the purchaser.

The company is one of the most prominent now before the public presenting Grand and Comic Opera in English. It aggregates 400 people and the cast includes some of the very best lyric talent known to the operatic stage. The fact of their making a prolonged run in Philadelphia last spring and summer to phenomenal business is a surety of their exceptional merit. They are lavishly equipped in the way of accessories and handsome costumes, which, together with their capable ensemble add much to the enjoyment of their productions.

Manager Ennis respectfully solicits the ardent support of our music lovers in this matter, and will consider it a favor if those who wish to assist him will send their names and the number of books they will subscribe for to Hopper Bros., the regular reserve seat sale.

Subscribers will have access to the chart one day in advance of the regular sale.

Health Order.

Hopkinsville, Ky., Feb. 27, 1899.

KENTUCKIAN:

Please state for the benefit of the colored people that the Kentucky State Board of Health has issued an order prohibiting the sale of tickets from Louisville, Cincinnati, or other points where smallpox exists, for the transportation of colored passengers, to points in Kentucky, unless they have certificates of recent vaccination and freedom

from exposure to smallpox.

Yours truly,

The Hopkinsville Standard.

"Evil Dispositions Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla. In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, friends, which is the real cause. Purify that with Hood's Sarsaparilla and happiness will reign in your family.

Blood Poison—"I lived in a belt of fire years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. I tried Hood's Sarsaparilla. It helped. I kept at it and was entirely cured. I could go on the house tops and stand about it." Mrs. J. T. Williams, Carbondale, Pa.

Scrofules Sores—"My baby at two months had scrofulous ulcer on cheek and arm. Local applications and physical medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is 8 years old, with smooth fair skin." Mrs. S. W. Warren, Farmington, Del.

Hood's Sarsaparilla Never Disappoints.

Hood's Sarsaparilla relieves the non-irritating and only cathartic to take with Hood's Sarsaparilla.

They Will All Be Here.

The Railroad Commissioner Convention at Hopkinsville March 10 will be rather a formal affair, as there will be little contest for the place, and Fletch. Dempsey will have a walk-over, but it is expected that it will be made the occasion for a great gathering of Democrats from all over the State. All the candidates for State offices will be there, and the big Democratic politicians will not be absent. The three candidates for the Democratic nomination for Governor are expected to be present and deliver short speeches.

It will be a splendid occasion for the Democrats of Western Kentucky to get together, talk matters over and pick out their favorite candidates, and they will not doubt take advantage of it in large numbers.—Hartford Herald.

Health Order.

Hopkinsville, Ky., Feb. 27, 1899.

KENTUCKIAN:

Please state for the benefit of the colored people that the Kentucky State Board of Health has issued an order prohibiting the sale of tickets from Louisville, Cincinnati, or other points where smallpox exists, for the transportation of colored passengers, to points in Kentucky, unless they have certificates of recent vaccination and freedom

from exposure to smallpox.

Yours truly,

Uniform the Cops.

The new spring uniforms of the Louisville police will be ordered under contract at \$12.50 a suit. By-the-way the Hopkinsville police are getting a little careless about wearing uniforms. Several of them can be seen on the streets without uniforms and with nothing to indicate that they are officers except the star on their coats. Uniforms are cheap and every policeman in the city should be required to wear one all the time when on duty.

A Six Weeks' Siege.

Capt. W. S. Goodwin, who was attacked with grip about the first of the year, is now able to be out, though not entirely well. He was confined to his room for six weeks and was in bed much of the time.
